PERSONAL PROJECTS

Personal Portfolio
- It is my personal portfolio website.
- I build this app using **reactj**s library and all its specialities.
- There is a contact form which i connect it to **firebase**.
- **check here:**https://tausif-arif-portfolio.herokuapp.com/.

weathter 1.0: Weather app using Open Weather api in reactjs
- Live temperature of all cities in the world.
- There is also sunrise, sunset,humdity and wind info for that city.
- In future i will add 7 days future forecast and lots of weather related info which people need in daily basis.
- **check here** :https://reactweatherinfoapp.herokuapp.com/.

Clicks: Unsplash Clone using Unsplash api
- It is a simple gallery website where we search any kind of images.
- **check here:**https://clicks-gallery.herokuapp.com/.
